

CONSTRUCTION PRODUCT LINE CARD

Oil-Only Absorbent Mats

Absorb spilled liquids from transfers, drum spills, hydraulic leaks, jet fuel and even petroleum in water spills.

Blue COMMANDER™ Mat

Perfect for absorbing oil in snowy areas where pad placement needs to be traced; won't tear when pulled up from frozen ground.

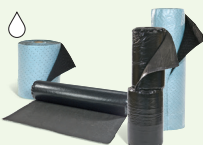

CONTRACTOR GRADE Mat

Don't buy more absorbent mat than you need. Contractor Grade is the economical solution for quick, easy cleanup.

DEFENDER™ Mat

Highly absorbent mat absorbs on contact. Strong enough for everyday use.

RailRoad Mat & TrackMat

Provide sorbency and prevent ground contamination. Perfect for use under asphalt spreaders or garbage trucks.

Universal Absorbent Mats

Soak up both water & oil-based fluids from spray equipment, machinery, vehicles, tooling and heavy equipment.

COMMANDER™ Mat

Durable fine fiber mat performs all around the workplace and is suited for moderate foot traffic.

CONTRACTOR GRADE Mat

Don't buy more absorbent mat than you need. Contractor Grade is the economical solution for quick, easy cleanup.

DEFENDER™ Mat

Highly absorbent sonic bonded mat absorbs on contact and is suitable for overspray and everyday use.

SURVIVOR™ Mat

Camouflage pattern of this durable mat makes leaks and drips disappear— hides the grunge to stay on the job longer.

HazMat Absorbent Mats

Absorbs acetone, toluene, xylene, MEK (Methyl Ethyl Ketone) and Hydrochloric Acid.

COMMANDER™ Mat

Durable, quick and efficient response to spills of hazardous or unknown liquids. Low-lint, 3-ply construction won't fall apart cleaning spills.

DEFENDER™ Mat

Economical choice for quick, efficient spill response. 100% polypropylene mat is chemically compatible with most liquids.

Oil-Only Socks and Booms

Deploy, surround and contain to absorb large petroleum-based spills on the ground or in the water.

CONTRACTOR GRADE Booms

If your priority is economy and short-term use, Contractor Grade Booms are a good choice for oil spill response.

Oil-Only Socks

Contain and soak up petroleum-based fluids fast while repelling water.

PREMIUM Oil-Only Booms

Premium Booms made with UV-treated sleeve that withstands 12 months of direct sunlight, making it ideal for long-term deployment.

Containment Boom

Quickly contain spills and debris on moderately choppy waters with our medium-duty, non-absorbent boom.

ABSORBENCY KEY	Oil Only For oils and oil-based liquids, not water	Universal For oils, coolants, solvents and water	HazMat For acids, bases and unknown liquids
----------------	--	--	---

Universal Socks and Loose

Surround, contain and soak up oils, coolants, solvents, water, paint and sealants.

Universal Socks

Ideal for surrounding spilled fluids or wrapping around leaking machinery. Offers a snug fit with no seepage.

Loose Sorbents

Avoid the health hazards of clay with a safe, recycled, environmentally-friendly loose absorbent such as Gran-Sorb Cellulose Loose.

Spill Kits

Be prepared with quick response to any spill, anywhere on site.

OverPack Spill Kits

Pre-packed in an X-rated DOT-approved Over-Pack Salvage Drums, these kits are perfect when you need to ship your spill cleanup waste.

Duffle Bag Spill Kits

Store these kits anywhere for easy access and quick transport to the spill site. Grab the straps for easy carrying.

Wheeled Spill Kits

Roll the absorbents you need right to the spill with our spill kits on wheels.

Bag Spill Kits

Compact design keeps you prepared for fast response. Perfect for use in trucks or other motorized equipment.

Large Spill Kits

The biggest kits we have can be used as a spill response center or moved right to the site of a large spill.

Specialty Spill Kits

Certain spills require specialty absorbents and tools, such as battery acid or mercury. Specialty Kits also available for drum or pipe repair.

Stormwater

Keep heavy metals, fuel, trash, silt, oil and sediment out of your storm drains.

Ultra-Dewatering Bag®

Contain sediment and oil pumped out during dewatering operations; useful for construction site ponding and excavation holes.

Ultra-DrainGuard®

Remove waste from stormwater before it can become a problem in the water system.

Containment

Comply with state and federal regulations to keep the environment safe from leaks and spills.

Berms

Build your own custom barrier around equipment on site, such as scissor lifts or generators on trailers.

Hard Top Pallet

Store hazardous drums safely under cover outdoors with pumps and funnels in place at a safe, convenient level for easy use.

Duck Pond

Portable containment for generators, light towers, tanks, pumps or other smaller pieces of equipment that might leak diesel.

Containment Berms

Wash down trucks or load/unload without worrying about runoff or contaminants with SpillTech Containment Berms.
