

GOVERNMENT PRODUCT LINE CARD

Shipping/Receiving

Keep your workplace clean, safe and dry during the loading and unloading process.

Universal Absorbents

General purpose, everyday use absorbents such as Defender™ Pads and Rolls can handle any leak, drip or spill.

Wheeled Spill Kits

Respond quickly to spills anywhere in the workplace with SpillTech's wide range of Wheeled Spill Kits.

Loose Sorbents

Avoid the health hazards of clay with a safe, recycled, environmentally-friendly loose absorbent such as Gran-Sorb Cellulose Loose.

Drain Protection

Protect your storm drains from vehicle leaks or bulk liquid spills with a SpillTech Drain Cover, available in multiple sizes.

EH&S

Quickly and efficiently control, contain and clean hazardous spills.

Oil-Only Absorbents

For cost-effective response to waterborne spills, look to our range of Oil-Only Responder™ Pads and Rolls.

Stormwater

Filter debris and contaminants before they go down the drain with SpillTech's Ultra-Drain-Guards and Ultra-GutterGuards.

Oil-Only Booms

Keep debris and pollutants out of your stormwater with SpillTech's economical Contractor™ Grade Absorbent Booms.

One-Drum Bladder System

Don't let space constraints hinder regulation compliance. Our Ultra-Spill Deck P1 Bladder System expands to handle large spills and leaks.

Salvage Drum Spill Kits

Kits packed in Y- and X-rated salvage drums provide safer shipping of used absorbents, leaking containers or other hazards.

Portable Containment

Catch leaks or temporarily store drums or equipment with one of our portable Duck Ponds. Helps you comply with regulations.

Janitorial

Be prepared with the right products for quick response to small spills and regular cleanup duties.

Mini Absorbent Rolls

Compact, grab-and-go Commander™ Rolls are great for any job — absorbent, tough and free of grit and dust. Add optional magnetic roll holder.

Wipers

Keep SpillTech wipers on hand for anything from wipe-and-toss jobs to heavy-duty cleaning tasks. Choose from a wide range of styles.

Socks

Absorbent socks are ideal for surrounding spilled liquids or wrapping around leaky machinery to stop spills from spreading.

Bodily Fluid Cleanup

Fluidloc sorbent solidifies bodily fluids like blood, saliva, vomit and urine while eliminating odors for safer, easier cleanup.

ABSORBENCY
KEY

Oil Only

For oils and oil-based liquids, not water

Universal

For oils, coolants, solvents and water

HazMat

For acids, bases and unknown liquids

Water

For water only

Facilities Maintenance

Handle every type of leak, drip and spill throughout the workplace.

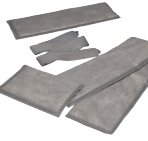

Absorbent Pads and Rolls

Our Commander™ line of mat pads and rolls is the perfect choice for its versatility — use it anywhere in your facility!

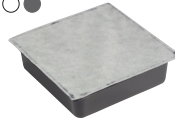

Hi-Viz Safety Absorbents

Alert both workers and customers to potential safety hazards and work in progress while keeping floors dry with Caution Mat.

Water Absorbing Flat Absorbents

These unobtrusive flat absorbents let you know when they're working! As they absorb, they swell and alert workers to a spill.

Drip Pans

Catch continuous leaks and drips with this high-capacity, low-profile drip pan. Fits perfectly under machines or leaky pipes.

Portable Spill Kits

Respond quickly to spills with SpillTech's wheeled or bagged Spill Kits, which include everything you need to contain and clean a spill.

Leak Diverters

Keep water off the floor by capturing pipe and roof leaks and channeling them away from personnel, office equipment and machinery.

Bulk Fluid Storage

Comply with regulations and keep your facility and environment safe from leaks and spills.

Drum Top Absorbents

Catch the leak and drips from drum pumps and keep your drum storage areas clean and neat with SpillTech DrumTop Pads.

Large Portable Spill Kits

Be prepared for even the biggest spills with our high-capacity wheeled Spill Kits and Carts.

OverPack Salvage Drums

Contain leaking or dripping drums in our OverPack Salvage Drums, available in a variety of sizes.

Spill Pallets

Store drums and other leak- or spill-prone containers on one of our range of pallets to comply with regulations.

Containment and Sumps

Keep your storage area clean and move your drums with ease using our Poly-Dolly and Poly-Rack dispensing stations and storage systems.

Hard Top Containment

Store drums safely under cover outdoors with pumps and funnels in place at a safe, convenient level for easy use.

Spill Control

Build your own barrier around equipment or storage, indoors or out, in any areas where leaks, drips and spills happen regularly.

Drain Protection

Keep unwanted liquids out of your drains with our tough, easy-to-handle polyurethane DrainCovers.

Warehouse/Tool Crib

Use our high-quality products to keep your work areas clean and neat at all times.

Absorbent Pads and Rolls

Our Defender™ line of Pads and Rolls has an abrasion-resistant top layer for extra strength to perform everyday cleanup jobs.

Mini Absorbent Rolls

Commander™ Rolls are free of damaging grit and dust, so they're perfect for delicate sensors, parts and tools. Add optional magnetic roll holder.

Universal Socks

Absorbent socks are ideal for surrounding spilled liquids or wrapping around leaky machinery to stop spill from spreading.

Spill Decks

Our low-profile, modular Spill Decks let you create a custom containment system that meets your specific needs.

Fleet Services

Keep your vehicles in good order and be ready for unexpected spills.

Absorbent Pads and Rolls

Defender™ Pads and Rolls tackle any leak, drip or spill that drives up!

Mini Absorbent Rolls

Grab-and-go Commander™ Rolls are great for mobile techs — absorbent, tough and free of grit and dust. Add optional magnetic roll holder.

Loose Sorbents

Avoid the health hazards of clay with a safe, recycled, environmentally-friendly loose absorbent such as Gran-Sorb Cellulose Loose.

Small Portable Spill Kits

Designed to fit behind the seat in the cab of any truck for any leak, drip or spill that might happen along the route!

Containment Berms

Wash down trucks or load/unload without worrying about runoff or contaminants with Spill-Tech Containment Berms.

Patching Paste

Make quick repairs to leaking drums or holes in fuel tanks with SpillTech Plug & Dike Patching Paste. Forms an immediate seal when applied.

Labs

Safely clean hazardous or unknown liquids, bodily fluids and mercury spills.

HazMat Absorbents

SpillTech offers multiple lines of chemically compatible sorbents to safely respond to spills of hazardous or unknown liquids.

Bodily Fluid Cleanup

Fluidloc sorbent solidifies bodily fluids like blood, saliva, vomit and urine while eliminating odors for safer, easier cleanup.

Mercury Spill Kits

Safely respond to dangerous mercury spills before they become a hazard to employees.

Neutralizing Sorbents

Whether you need to neutralize acids or bases or absorb solvents, we've got you covered. Safe, fast-acting and easy to use.

Cafeterias/Food Service

Keep your foodservice areas clean, dry and safe for employees and customers.

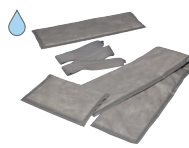

Adhesive-Backed Mat

Absorbent mat captures water, melting snow, dirt and grease while sticking tight to the floor in high-traffic areas for safe footing.

Hi-Viz Safety Absorbents

Caution Mat alerts both workers and customers to potential safety hazards and work in progress with trilingual messaging.

Water Absorbing Flat Absorbents

Unobtrusive flat absorbents let you know when they're working! Perfect for water leaks, spills and condensation in freezer or cooler areas.

Spill Control

Build your own custom barrier around equipment or storage, indoors or out; perfect for bulk liquid transfers or diverting liquids to drains.

ABSORBENCY KEY

For acids, bases and unknown liquids

Water

For water only

Grounds Crews

Take control of outdoor spill response and runoff.

Oil-Only Pads and Rolls

Choose Responder™ Pads and Rolls to respond to oil spills on water.

Absorbent Pads and Rolls

Our Defender™ line of absorbents is a heavy-duty option for catching leaks and spills (Pads) or covering large surface areas (Rolls).

Oil-Only Mats and Booms

Contractor™ Grade Mats and Booms are budget friendly for land and water response. Booms are great for catching fuel runoff on fence lines.

Stormwater

Filter debris and contaminants before they go down the drain with SpillTech's Ultra-Drain-Guards and Ultra-GutterGuards.
