

HEALTHCARE PRODUCT LINE CARD

Operating Room

Keep your Operating Room safe and dry.

Universal & HazMat Absorbents

Soak up fluids and improve safety for employees in the O.R. with a low-profile mat that's also highly absorbent.

Mini Absorbent Rolls

Grab-and-go Commander™ Rolls are absorbent and tough — great for maintenance carts. Add optional magnetic roll holder.

Adhesive-Backed Mat

Keep on safe footing during procedures in the O.R. Floor Grabber™ Absorbent Mat sticks tight and flat to the floor so it doesn't bunch up.

HazMat Socks

Surround, contain and absorb spills of any kind, even hazardous materials or biohazard waste, in labs, surgery or emergency rooms.

Floor Safety Management

Be prepared for leaks, drips and spills so you can keep floors dry and safe at all times.

Hi-Viz Safety Absorbents

Alert both workers and patients to potential safety hazards and work in progress while keeping floors dry with Caution Mat.

Portable Spill Kits

Respond quickly to spills anywhere in the workplace with SpillTech's wide range of spill kits designed for mobility.

Adhesive-Backed Mat

Absorbent mat captures water and dirt while sticking tight to the floor for safe footing in high-traffic areas such as cafeterias or walkways.

Leak Diverters

Keep water off the floor by capturing pipe and roof leaks and channeling them away from personnel, equipment and machinery.

Labs

Keep your lab safe with products designed to handle chemical leaks and spills.

HazMat Absorbents

SpillTech offers multiple lines of chemically compatible sorbents to safely respond to spills of hazardous or unknown liquids.

Mercury Spill Kits

Safely respond to dangerous mercury spills before they become a hazard to employees.

Bodily Fluid Cleanup

Fluidloc Kit solidifies bodily fluids like blood, saliva, vomit and urine while eliminating odors for safer, easier cleanup.

Neutralizing Sorbents

Whether you need to neutralize acids or bases or absorb solvents, we've got you covered. Safe, fast-acting and easy to use.

ABSORBENCY KEY		Oil Only For oils and oil-based liquids, not water		Universal For oils, coolants, solvents and water		HazMat For acids, bases and unknown liquids

Facility Operations

Keep your entire workplace clean and safe from floor to ceiling.

Universal Absorbents

Work efficiently with absorbents that can handle any leak, drip or spill, such as Defender™ Pads and Rolls.

Spill Kits

Kits include everything needed to respond to any spill, including a full range of container styles, sizes and absorbencies.

Mini Absorbent Rolls

Grab-and-go Commander™ Rolls are absorbent and tough — great for mobile techs. Add optional magnetic roll holder.

Leak Diverters

Keep water off the floor by capturing pipe and roof leaks and channeling them away from personnel, equipment and machinery.
